

Friday 8th November 19

Dear Parents/Carers

As an Academy, one of our 5 values is inclusivity and we fully support 'Children in Need' and their upcoming event due to the close association with supporting young people to fulfil their potential. We are therefore really excited to be holding a Children in Need day **Friday 15th November** which we would like all our pupils to be involved with. The theme for the day this year will be 'night time' and we believe that our young people will enjoy getting involved.

The students are invited to wear pyjamas/onesies and dressing gowns for the day, along with the teachers, for a suggested donation of 50p.

Throughout the day, we will be challenging all students to hold their chatter and stay silent for a whole 20 minutes. Would you support the charity with a small donation for your child to do this? Anything would be appreciated for this fabulous cause. So please dig deep, ask family and friends and fill out the sponsor form on the back of the letter.

There will be activities in school during the day which include bed time stories, reading in lessons by teachers and students, we have a "guess the teddy" up for grabs and a colouring competition. As well as the usual break time tuck there will be a warm drink for each child to purchase. To take part in all the activities, your child would not need to bring more than £2.

We hope all students will be able to take part and they will have had a great day supporting a great charity.

Kind Regards

Miss Warrington
